Dear Colleagues!

We are pleased to inform you that on September 1, 2017 Linguistics University of Nizhny Novgorod (LUNN) in Russia starts scholarship-funded Pre-University courses for international students willing to learn Russian and continue their education in Russia (at LUNN) on a Bachelor of Arts program which taught in Russian. The major goal of the courses is to provide international students with a sufficient level of Russian language proficiency allowing them to take a BA program at LUNN together with Russian students and experience no language barriers what so ever.

The courses will be taught in two majors:

- Liberal Arts (60 scholarship-funded openings), and
- Economics (12 scholarship-funded).

72 scholarship-funded openings mean that the first 72 foreign applicants will take the Pre-University courses for free!

Alongside with Russian as a foreign language the following courses will be taught in Russian depending on the major:

- for Liberal Arts – Social Studies, Russian History, Russian Literature;
- for Economics – Social Studies, Russian History, Mathematics.
